Dear Mr. Armore:

On behalf of the members of Clifton United Methodist Church we would like to thank you for the super job you and your crew did on our ceiling and crew did on our ceiling and floor installation.

We truly appreciate your attention to each detail and the professional and the outstanding quality of your work and your willingness to work with us in all phases of the project was outstanding.

We also thank you for a minimum amount of inconvenience to our church services. Your willingness to go the extra mile to complete this project on schedule was an added bonus.

Thank you again,

*Marvin Fitch
